DOĞRULUK, ŞEFFAFLIK ve İLERİ GÖRÜŞLÜLÜK, SAY bünyesindeki görev alan tüm arkadaşlarımızın benimsediği en temel ilkeler olmuştur. Bu yaklaşım; firmamıza güvenen herkese en yüksek kaliteyi sunup, gurur duyacağımız bir marka olmasını sağlamıştır.

Sektörümüzde trendleri belirleyen, öncülük eden ve belki de en önemlisi, Türkiye'nin ilerlediği yolda gerçek anlamda katkı yapan bir kurum olmayı vizyon olarak benimseyip bu yolda katkı sağlamaya devam ediyoruz. SAY olarak hayata geçirdiğimiz tüm projelere 'YENİLİKÇİ' olma arzusuyla başladık. Bu hedefimize ulaşarak, pek çok önemli projeyi müşterilerimizin beğenisine sunduk. İş dünyasında hayal olarak görülen çalışmalarını birer birer hayata geçirdik. Dünya da duş kanalları, yer süzgeçleri, seramik köşe çıtaları ve daha nice sektörde özel mimari çözümler tasarlayarak önde gelen markalar arasında yer aldık.

Bu yolda bizler için en büyük destekleyici güç müşterilerimizin beklenti ve arzuları oldu. Yaptığımız her proje, bizlere tarifi mümkün olmayan bir heyecan verdi ve inanıyoruz ki bu heyecan, başarıya açılan kapının en doğru anahtarıdır.

Tüm çalışanlarımızın ortak ilkesi olan "SÜREKLİLİK ve YENİLİKÇİLİK ilkeleri ile geleceğe yönelik bize güç veren hayallerimizle birleşince 24 yıl boyunca hiç yorulmadan koştuk ve koşmaya devam ediyoruz. Kısacası bu başarı yalnızca SAY kurucularının değil, aynı zamanda şirket çalışanlarımızın, iş ortaklarımızın ve paydaşlarımızındır. Bugün geldiğimiz noktada, paydaşlarımızın beğeni ve takdir dolu yorumlarını duydukça bu yönde doğru adımlar attığımızı görmekten büyük mutluluk ve onur duyuyoruz.

Nice Hayal Edilen Projelerde Buluşmak Dileği ile...

Ahmet Arslan BEKİROĞLU
Yön. Kurulu Başkanı

INTEGRITY, TRANSPARENCY and FARSIGHTEDNESS have been the most basic principles adopted by all of our colleagues at SAY Constitution. This approach has made it a brand that we can be proud of by offering the highest quality to everyone who trusts our company and our brand.

We adopt as a vision to be an institution that sets the trends in our sector, pioneers and perhaps most importantly, contributes to Turkey's progress in real terms, and we continue to contribute in this way. As SAY, we started all the projects we realized with the desire to be 'INNOVATIVE'. By achieving this goal, we presented many important projects to our customers. One by one, we have implemented works that are seen as dreams in the business world. We have become one of the leading brands in the world by designing special architectural solutions in shower channels, floor drains, ceramic corner profiles and many other sectors.

The biggest supporting force for us on this path has been the expectations and desires of our customers. Every Project that we have done has given us an indescribable excitement and we believe that this excitement is the right key to the door to success.

Combined with the principles of "CONTINUITY and INNOVATION", which is the common principle of all our employees, and our dreams that give us strength for the future, we ran and continue to run tirelessly for 24 years. This success belongs not only to the founders of SAY, but also to our employees, business partners and stakeholders. In short, it belongs to all of us. At the point we have reached today, we are very happy and honored to see that we are taking the right steps in this direction as we hear the admirable and appreciative comments of our stakeholders

Wish to meet you in many dreamed projects...
